PROGRAM EFFECT

40-44	45-54	55-74	75-94	95-100
<p>The program is immature and lacks understanding of musical design and composition. Concepts are uninteresting or underdeveloped. Appeal and audience intrigue do not occur. There is little or no attempt at continuity or flow of musical ideas. Design effect is minimal.</p>	<p>The program shows some understanding of musical design and composition. Some attempts at pacing are evident. Concepts occasionally show some imagination. Occasional periods of appeal and intrigue may generate some effect. Design levels, while often weak, can still communicate the idiom.</p>	<p>The program contains knowledge of proper fundamentals of musical design. Continuity and pacing is moderately successful, the musical program is contoured to create a good degree of effect; there are moments of unique design and audience intrigue. Program concepts, while not sophisticated, show an adequate level of creativity and are moderately appealing and effective. Mood is consistently established and there is moderate variety of musical ideas, producing good effect. The design of the musical program is good and produces moderate effect.</p>	<p>The program contains a high degree of musical design. Continuity and pacing is well developed, and guide the audience through an ongoing, effective and appealing presentation. The musical program is well contoured to create a strong degree of effect. Design is consistent and strong, and audience intrigue is high. Concepts are well developed and creative, generating a strong level of appeal and effect. Mood is consistently sustained and there are a wide variety of musical ideas yielding consistently effective response. The design of the musical program is excellent and produces strong effect.</p>	<p>The program contains an unparalleled profusion of creative design standards combining elements of originality, creativity and variety. Continuity and pacing are superior, in a standard setting, effective and appealing presentation. The musical program is superbly contoured to create a maximum degree of effect. Mood is fully maintained and there is a standard setting approach to musical ideas, which produces optimum appeal and audience intrigue. The design of the musical program sets new artistic standards and produces full effect.</p>

PERFORMANCE EFFECT

40-44	45-54	55-74	75-94	95-100
<p>Improper and insufficient training and/or lack of maturity of the performers do not allow the unit to communicate through the music.</p>	<p>Performers display some awareness of the skills involved in the communication of the music, and occasionally connect to the audience. However, concentration wavers and fluctuates because of technique problems. The performance is mostly lifeless and mechanical and lacks developed understanding and involvement.</p>	<p>Performers are aware of the skills involved in the communication of the music. Lapses in concentration or technique can cause widely varying results; sometimes there are good levels of expression and emotional communications, while other times the musical performance may lack involvement and seems a bit lifeless. Style is definitely developing and offers some effective communication moments.</p>	<p>Performers constantly display a strong awareness of, and sensitivity to the skills involved in the communication of the music. There is a high level of expressive and emotional communication throughout. Style is well developed. Musical training and maturity is good.</p>	<p>There is superlative understanding of the skills involved in the communication of the music. Expressive and emotional communication sets new standards through superb skills and the most brilliant display of intensities of emotion and artistry. Style is fully developed.</p>

COORDINATION

40-44	45-54	55-74	75-94	95-100
<p>There is an obvious lack of team involvement in program production. The overall product does not work together.</p>	<p>The design team shows some awareness of blending elements to produce effect, but results are highly inconsistent. Occasionally elements may blend in impact points or resolution of ideas, but often success may be impaired by the absence of effort on the part of one or more sections. Coordination between musical sections is sporadic and yields varying results. Percussion and auxiliary enhancement is occasionally successful in enhancing the program with effect.</p>	<p>The design team has a correct understanding of blending musical and visual elements to produce effect. Established concepts are used most of the time, and while not sophisticated, and are still moderately effective. Impact points and resolution of musical/visual ideas are mostly coordinated and correct. Visual staging presents musical events with moderate success. Coordination within and between musical sections is correct and yields good results. Percussion and auxiliary are moderately successful in the enhancement of the program with some good coordinated effect.</p>	<p>The design team displays a constant level of attention to detail in creating a harmonious blend of musical and visual effects. Established and successful coordination concepts mingle with some new ideas to present a thorough and pleasing blend. Impact points and resolution of musical/visual ideas are strong and detailed. Visual staging heightens the impact of musical events. Coordination within and between musical sections is well detailed and strong throughout. Percussion and auxiliary continually enhance the program with successful coordinated effect.</p>	<p>The design team displays a fully detailed, imaginative and successful blend of musical and visual effects. Impact points, resolutions of musical/visual ideas and visual staging constantly elevate the effect of the program through the most detailed blend of all elements. Coordination within and between musical sections is superior. Percussion and auxiliary sections are standard setting in enhancing the program, fully elevating the coordinated effect. Team efforts set new standards.</p>
